

COLORADO SMOKE-FREE HOUSING RESOURCES

Smoke-free housing policies in multifamily housing are good business and good for health. Free technical support and resources for implementing smoke-free policies are available through various public health departments and agencies in Colorado.

POLICY DEVELOPMENT

- Health and economic benefits of going smoke-free.
- Presentations for staff or residents including:
 - Best practices
 - Effective compliance techniques.
 - Tools to support residents
 - Information about secondhand smoke and tobacco
- Developing and implementing a smoke-free policy.
- Model and sample policies.
- Assessment and survey tools.
- Residents' engagement and buy-in.
- Referrals to peers who have implemented policies.
- Smoking cessation resources.
- Signage, posters, door hangs, and other resources.
- Model policies and policy analysis.
- Training for attorneys, mediators and housing providers on Colorado housing laws.

COMPLIANCE TOOLS

- Mediation assistance to resolve compliance issues.
- Enforcement techniques and recognizing violations.
- Tobacco or marijuana smoking detection resources.
